Precipitation probability					
40%	40%	40%	40%	40%	40%

Forecast for Tuesday 24 Nov 2020

Weather: A few outbreaks of drizzle and light rain with mist and overcast skies. Strong southwesterly winds with gales higher up on the peaks. Conditions might be drier with some cloud breaks on the eastern side of the Brecon Beacons, perhaps a bright spell on the hills around Crickhowell in the afternoon.

Chance of cloud free mountain/hill tops above 600m: 20% chance although there will be quite a lot of low cloud in the west and north around 400m with very few breaks, perhaps a 60% chance in the east with more clearance by the afternoon.

Visibility: Moderate to poor and very poor across most summits during Tuesday, but perhaps good at times in more eastern areas towards Crickhowell.
